1. Overview

The Volunteer Scheduler is a secure, web-based application that allows administrators to manage volunteer shift scheduling across multiple Carolina Caring locations. Volunteers can view available shifts, sign up, and receive automatic email confirmations and 24-hour reminders.

Key Features

- Secure login for both volunteers and administrators
- Four location tabs: Robinson Rd., Remount Rd., Robin Johnson, and Sherrills Ford
- Monthly calendar view with real-time slot availability
- Bulk scheduling — add multiple days and time slots at once
- Automatic confirmation email on signup with address and Google Maps link
- Automatic 24-hour reminder email before each shift
- Email is optional — volunteers without email can still sign up
- Print view with Time, Volunteer, and Email columns
- QR code on login screen for easy mobile access

Site Locations

Robinson Rd.	3975 Robinson Rd, Building 3, Suite A, Newton, NC 28658
Remount Rd.	2240 Remount Rd, Gastonia, NC 28054
Sherrills Ford	7473 Sherrills Ford Rd, Suite A, Sherrills Ford, NC 28673
Robin Johnson	5005 Shepards Way Dr, Dallas, NC 28034

2. Getting Started

Accessing the Scheduler

Open any web browser and navigate to:

https://volunteers.linuxchuck.com

A QR code is displayed on the login screen that volunteers can scan with their phone camera to open the site instantly on a mobile device.

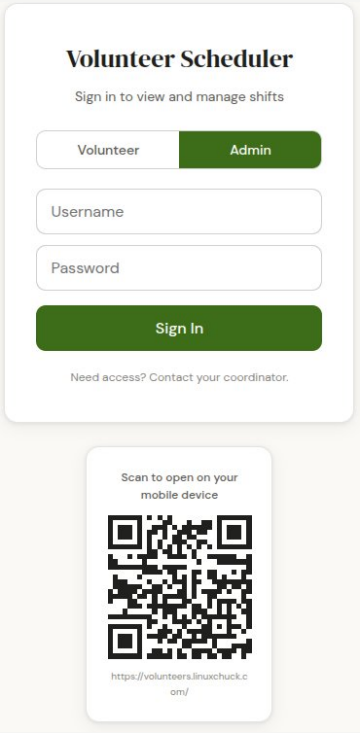

Figure 1 — Login screen with Volunteer / Admin tabs and QR code for mobile access

Login Credentials

Note: *Keep these credentials secure. Do not share admin credentials with general volunteers.*

Volunteer Username	CCvolunteer
Volunteer Password	CCvol#2026
Admin Username	Voladmin1
Admin Password	CCvolunteers#1

After entering your credentials click Sign In. Your session is remembered until you sign out.

3. Volunteer Guide

This section covers everything a volunteer needs to know to use the scheduler.

Signing In

1. Go to volunteers.linuxchuck.com in any web browser.
2. Make sure the Volunteer tab is selected at the top of the login card.
3. Enter the volunteer username and password provided by your coordinator.
4. Click Sign In.

Navigating the Calendar

After signing in you will see the monthly calendar for the selected location. Use the tabs at the top to switch between the four sites. Use the left and right arrows to navigate between months.

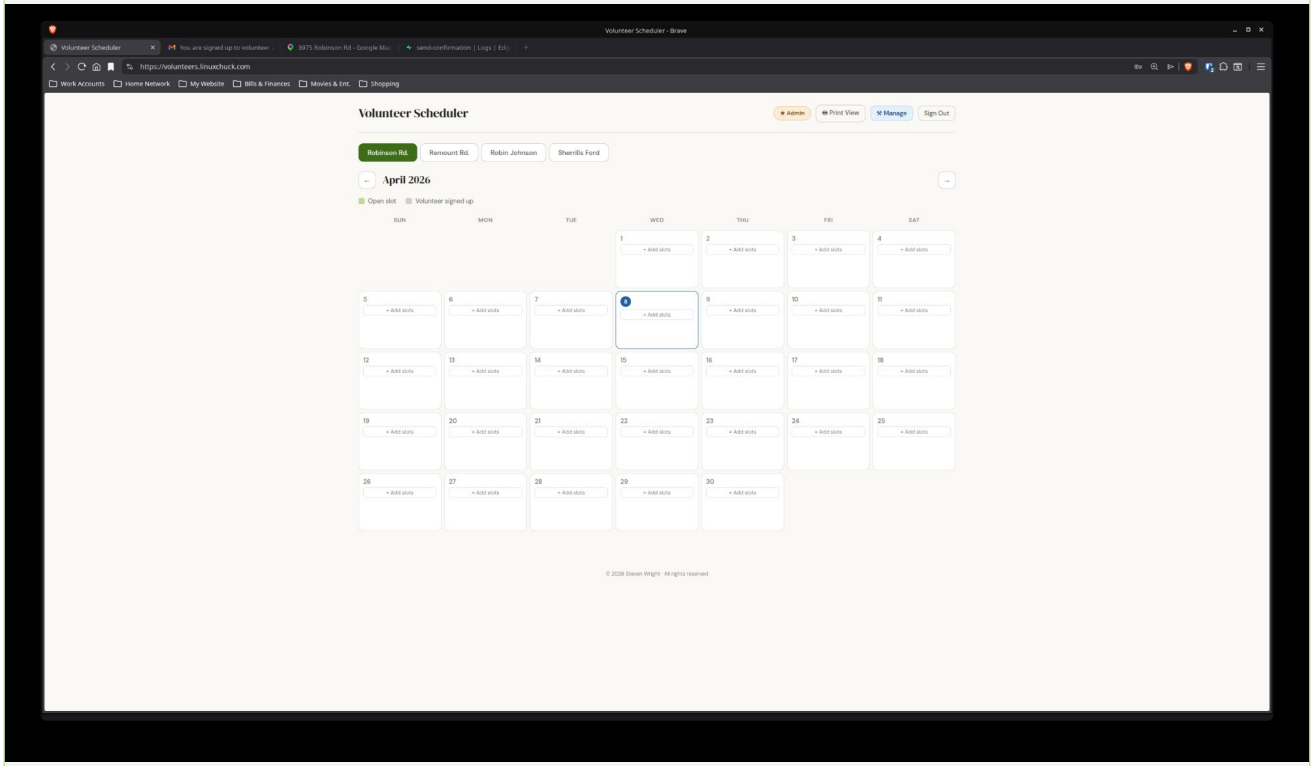

Figure 2 — Main calendar view showing the four site tabs, month navigation, and slot status

Green pill	Open slot — no one has signed up yet
Gray pill	Filled slot — volunteer first name and time are shown

Signing Up for a Shift

Click any day that shows open slots to open the day panel. All available time slots for that day are displayed.

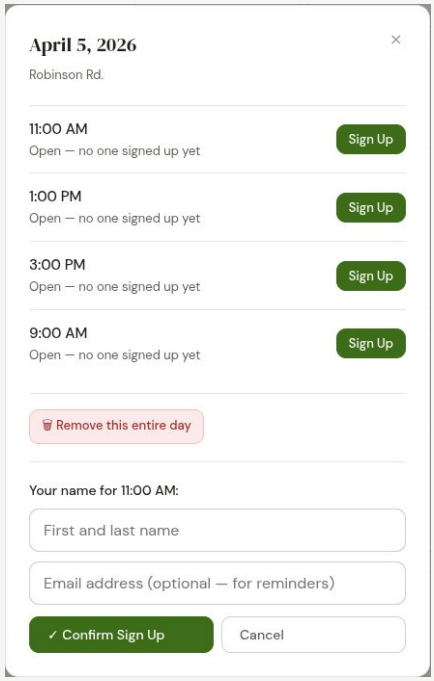

Figure 3 — Day panel showing available time slots and the signup form with optional email field

1. Click Sign Up next to the time slot you want.
2. Enter your first and last name.
3. Optionally enter your email address to receive a confirmation and a day-before reminder.
4. Click Confirm Sign Up.

> ***Note:*** *Email is optional. Volunteers without an email address can leave the field blank and still sign up successfully.*

Email Notifications

If you provide an email address when signing up, you will automatically receive:

Confirmation email	Sent immediately after signup. Includes location, full address, date, time, and a Google Maps button.
Reminder email	Sent the morning before your shift (24 hours in advance). Includes the same details and Maps link.

> ***Note:*** *If you do not see the confirmation email in your inbox, please check your spam or junk folder.*

Signing Out

Click the Sign Out button in the top right corner of the screen when you are finished.

4. Administrator Guide

Administrators have all volunteer capabilities plus additional tools for managing the schedule. Log in with the admin credentials to access these features.

Admin Interface

When logged in as an admin you will see a gold Admin badge, a Manage button, and a Print View button in the top right corner. Every calendar day cell also shows a + Add slots button.

Admin Panel — Events Tab

Click Manage to open the Admin Panel. The Events tab lets you add new volunteer days and view or remove existing scheduled days.

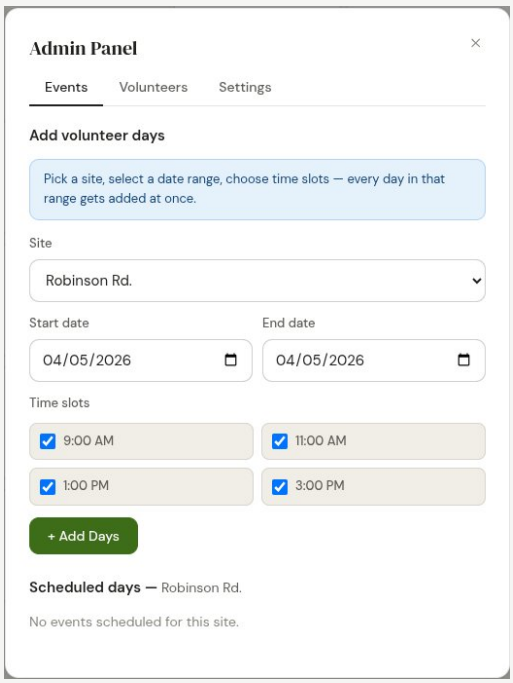

Figure 4 — Admin Panel Events tab for adding volunteer days across a date range

Adding Volunteer Days

1. Select the Site from the dropdown.
2. Set the Start date and End date — every day in that range will be added at once.
3. Check the time slots you want to offer on those days.
4. Click + Add Days. The calendar updates immediately.

> ***Note:*** *You can also click + Add slots directly on any calendar day to open the Admin Panel with that date pre-filled.*

Admin Panel — Volunteers & Settings Tabs

The Volunteers tab shows all sign-ups across all sites, filterable by location. The Settings tab lets you manage the default time slots that appear when adding new volunteer days.

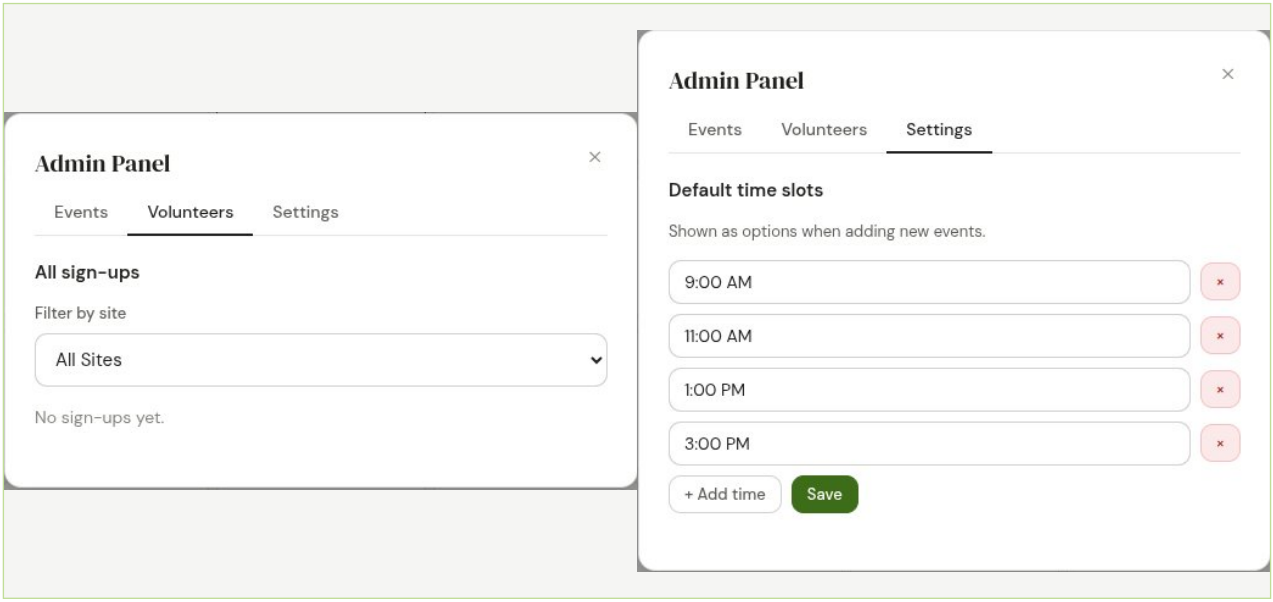

Figure 5 — Volunteers tab (left) showing all sign-ups · Settings tab (right) for managing default time slots

- Edit any time slot text directly in the field
- Click + Add time to add a new default slot
- Click the red X button to remove a slot
- Click Save when finished

Removing Days and Volunteers

Remove an Entire Day

- Click the day on the calendar to open the day panel
- Click Remove this entire day at the bottom of the panel and confirm
- Alternatively, open Manage and click Remove next to the day in the Scheduled days list

Remove an Individual Volunteer

1. Click on the day in the calendar.
2. Find the filled time slot and click Remove next to the volunteer's name.
3. Confirm the prompt. The slot returns to open status.

Print View

Click Print View in the top right corner. A formatted schedule opens in a new window, grouped by site, showing Time, Volunteer, and Email columns. The print dialog opens automatically in portrait orientation.

Managing Administrators

The Admins tab is available to all administrators. Use it to add new admin accounts, view current administrators, and remove access when needed.

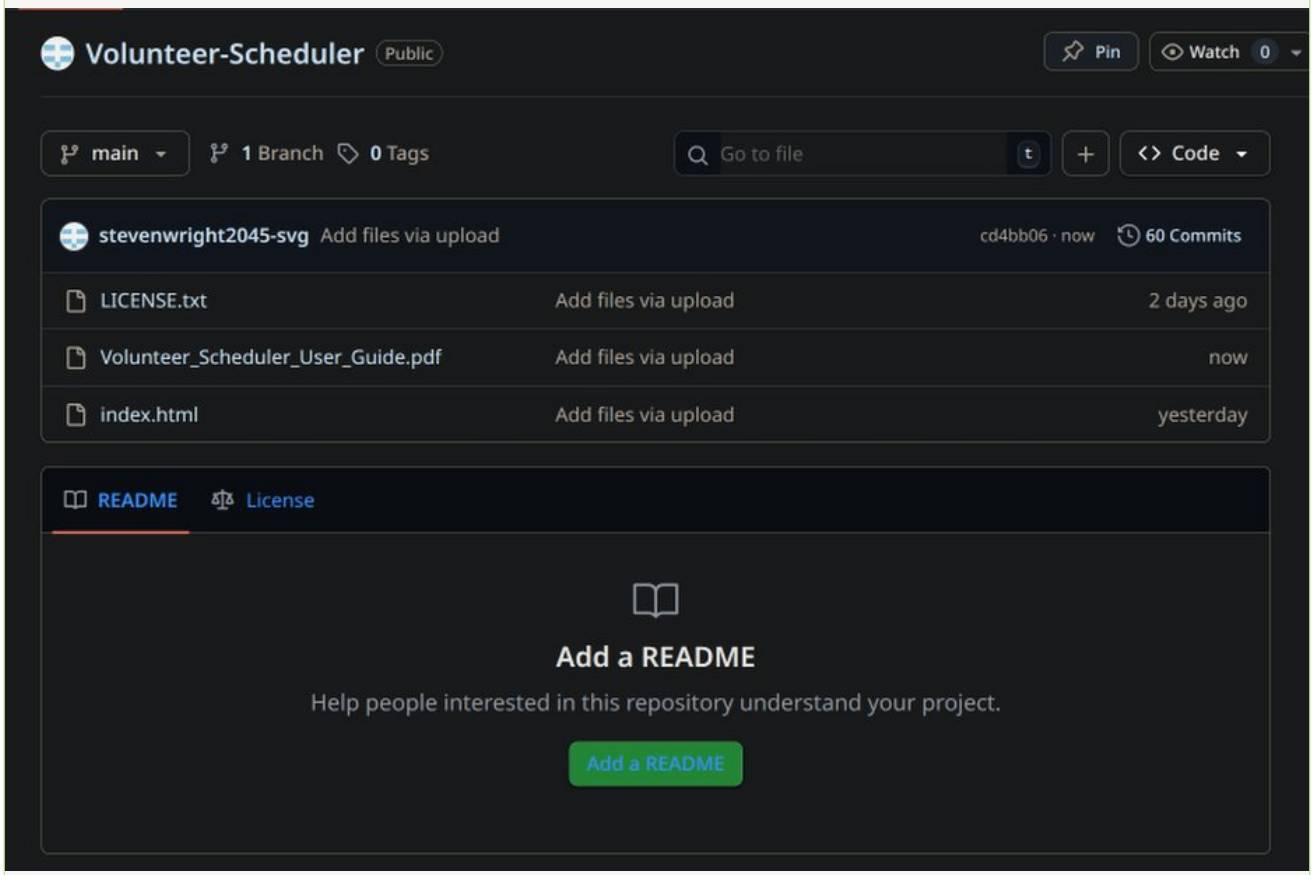

Figure 7 — Admins tab showing current administrators and the Add Admin form

Adding a New Administrator

1. Open Manage and go to the Admins tab.
2. Enter the new admin Username.
3. Enter their Email address — they will receive a welcome email with login instructions.
4. Click + Add Admin.
5. The new admin will receive an email with their temporary password: CCVadmin1
6. On first login they will be prompted to create their own password before accessing anything.

> ***Note:*** *The default password for all new admins is CCVadmin1. New admins must change this on first login.*

Removing an Administrator

- Open Manage and go to the Admins tab
- Click Remove next to the admin you want to remove
- Confirm the prompt — they will no longer be able to log in
- You cannot remove your own account

Download the User Guide

A User Guide PDF is available directly from the app. When logged in as an admin, click the User Guide button in the top right corner to download it. Share this with new volunteers and administrators.

5. Email Notifications

The scheduler sends two types of automated emails to volunteers who provide an email address at signup.

Confirmation email	Sent immediately when a volunteer signs up. Includes location name, full street address, date, time, and a green Open in Google Maps button.
24-hour reminder	Sent automatically every morning at 10:00 AM Eastern. Checks for shifts the next day and emails each volunteer who provided an address.
From address	volunteers@linuxchuck.com
From name	Volunteer Scheduler

Note: *Ask your IT contact to whitelist volunteers@linuxchuck.com if volunteers report emails going to their spam folder.*

6. Quick Reference

Volunteer Quick Steps

1. Go to volunteers.linuxchuck.com
2. Sign in with the Volunteer credentials
3. Select your site tab
4. Click a day with green open slots
5. Click Sign Up, enter your name and optional email
6. Click Confirm Sign Up

Admin Quick Steps — Adding Days

1. Sign in with Admin credentials
2. Click Manage
3. Select site, start date, end date, and time slots
4. Click + Add Days

Troubleshooting

Page stuck on loading	Refresh the page. Check your internet connection.
Cannot sign in	Make sure you are on the correct tab (Volunteer or Admin) and Caps Lock is off.
No confirmation email	Check your spam or junk folder. Emails come from volunteers@linuxchuck.com.
Calendar not updating	The calendar updates automatically. If it does not appear, refresh the page.
Slot shows as filled	Another volunteer has signed up. Choose a different time slot or date.
Work email not arriving	Your organization may be filtering emails. Use a personal address or ask IT to whitelist volunteers@linuxchuck.com.
