1. Overview

The Volunteer Scheduler is a secure, web-based application for managing volunteer shift scheduling across multiple Carolina Caring locations. Volunteers can view and sign up for shifts, and receive automatic email confirmations and reminders. Administrators can manage the schedule, volunteers, and other admin accounts.

Key Features

- Secure login for both volunteers and administrators
- Four location tabs: Robinson Rd., Remount Rd., Robin Johnson, and Sherrills Ford
- Monthly calendar view with real-time slot availability
- Bulk scheduling — add multiple days and time slots at once
- Automatic confirmation email on signup with address and Google Maps link
- Automatic 24-hour reminder email before each shift
- Email is optional — volunteers without email can still sign up
- Print view with Time, Volunteer, and Email columns
- Downloadable User Guide PDF from the top bar
- QR code on login screen for easy mobile access
- Admin management — add and remove administrators with welcome emails
- Password reset via email for admin accounts

Site Locations

Robinson Rd.	3975 Robinson Rd, Building 3, Suite A, Newton, NC 28658
Remount Rd.	2240 Remount Rd, Gastonia, NC 28054
Sherrills Ford	7473 Sherrills Ford Rd, Suite A, Sherrills Ford, NC 28673
Robin Johnson	5005 Shepards Way Dr, Dallas, NC 28034

2. Getting Started

Accessing the Scheduler

Open any web browser and navigate to:

https://volunteers.linuxchuck.com

A QR code is displayed on the login screen for easy mobile access.

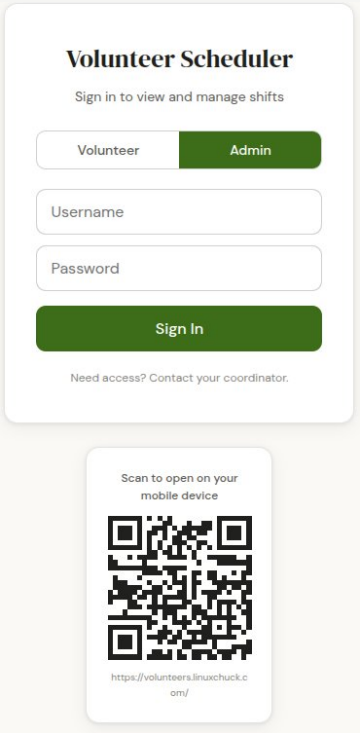

Figure 1 — Volunteer login screen with QR code

Login Credentials

Note: *Keep these credentials secure. Do not share admin credentials with general volunteers.*

Volunteer Username	CCvolunteer
Volunteer Password	CCvol#2026
Admin Accounts	Managed through the Admins tab in the Admin Panel. Contact your administrator for login credentials.

After entering your credentials click Sign In. Your session is remembered until you sign out.

3. Volunteer Guide

This section covers everything a volunteer needs to know to use the scheduler.

Signing In

1. Go to volunteers.linuxchuck.com in any web browser.
2. Make sure the Volunteer tab is selected at the top of the login card.
3. Enter the volunteer username and password provided by your coordinator.
4. Click Sign In.

Navigating the Calendar

After signing in you will see the monthly calendar. Use the tabs at the top to switch between the four sites. Use the arrows to navigate between months.

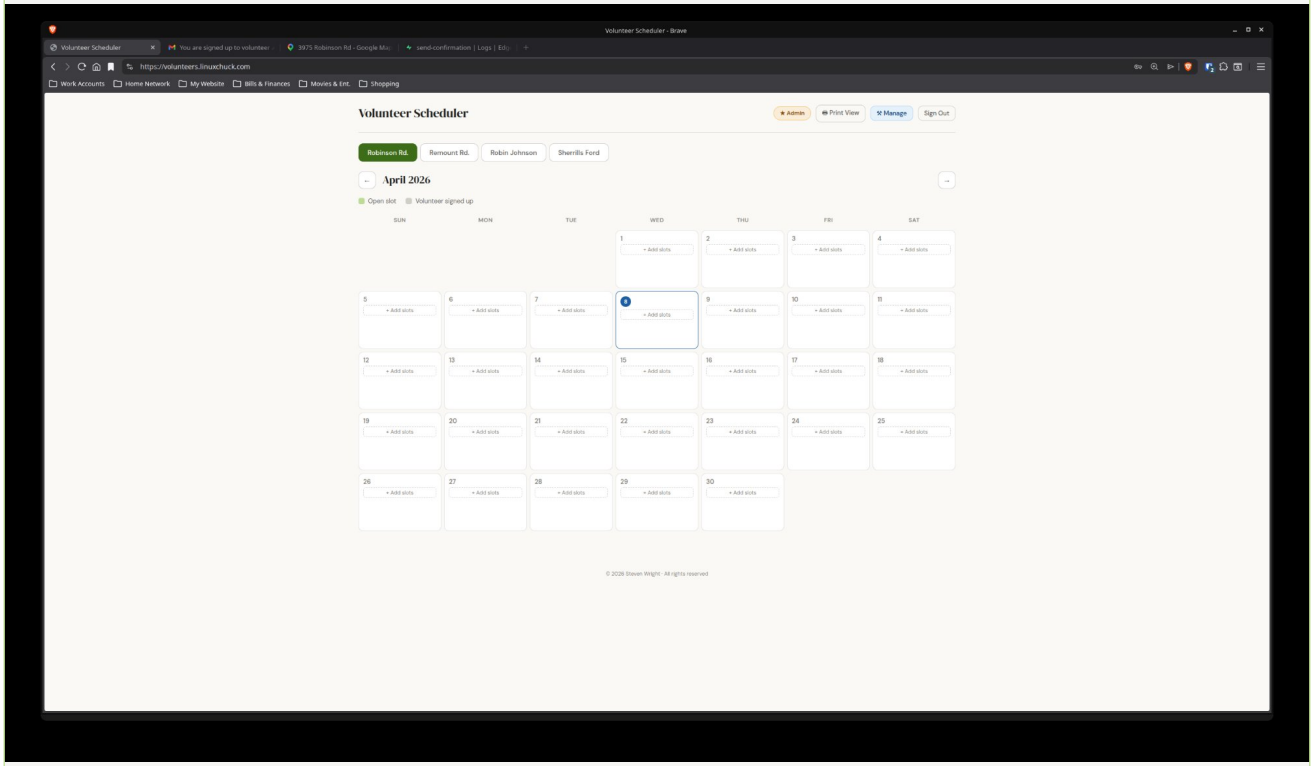

Figure 2 — Main calendar view showing the four site tabs and month navigation

Green pill	Open slot — no one has signed up yet
Gray pill	Filled slot — volunteer first name and time are shown

Signing Up for a Shift

Click any day that shows open slots to open the day panel.

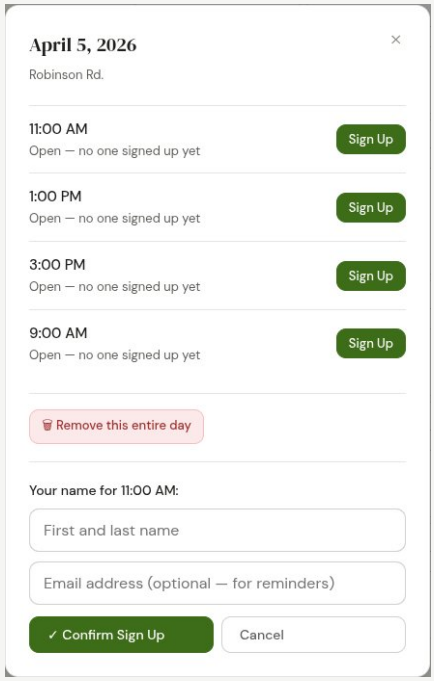

Figure 3 — Day panel showing time slots and the signup form with optional email field

1. Click Sign Up next to the time slot you want.
2. Enter your first and last name.
3. Optionally enter your email address to receive a confirmation and a day-before reminder.
4. Click Confirm Sign Up.

> ***Note:*** *Email is optional. Volunteers without an email address can leave the field blank and still sign up successfully.*

Email Notifications

Confirmation email	Sent immediately after signup. Includes location, full address, date, time, and a Google Maps button.
Reminder email	Sent the morning before your shift (24 hours in advance). Includes the same details and Maps link.

> ***Note:*** *If you do not see the confirmation email in your inbox, please check your spam or junk folder.*

Signing Out

Click the Sign Out button in the top right corner of the screen when you are finished.

4. Administrator Guide

Administrators have all volunteer capabilities plus additional tools for managing the schedule, volunteers, and other admin accounts.

Admin Interface

When logged in as an admin you will see a gold Admin badge, a Manage button, a Print View button, and a User Guide download button in the top right corner. Every calendar day cell also shows a + Add slots button.

Admin Panel — Events Tab

Click Manage to open the Admin Panel. The Events tab allows you to add new volunteer days and view or remove existing scheduled days.

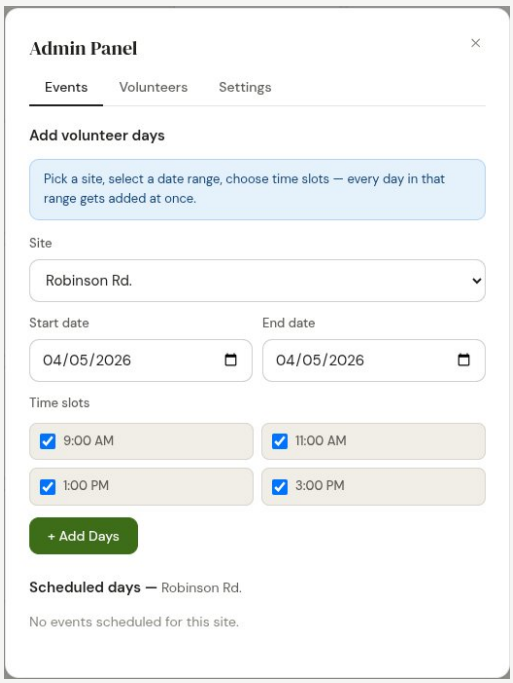

Figure 4 — Admin Panel Events tab for adding volunteer days in bulk

Adding Volunteer Days

1. Select the Site from the dropdown.
2. Set the Start date and End date — every day in that range will be added at once.
3. Check the time slots you want to offer on those days.
4. Click + Add Days. The calendar updates immediately.

> ***Note:*** *You can also click + Add slots directly on any calendar day to open the Admin Panel with that date pre-filled.*

Admin Panel — Volunteers & Settings Tabs

The Volunteers tab shows all sign-ups filterable by location. The Settings tab manages the default time slots shown when adding new days.

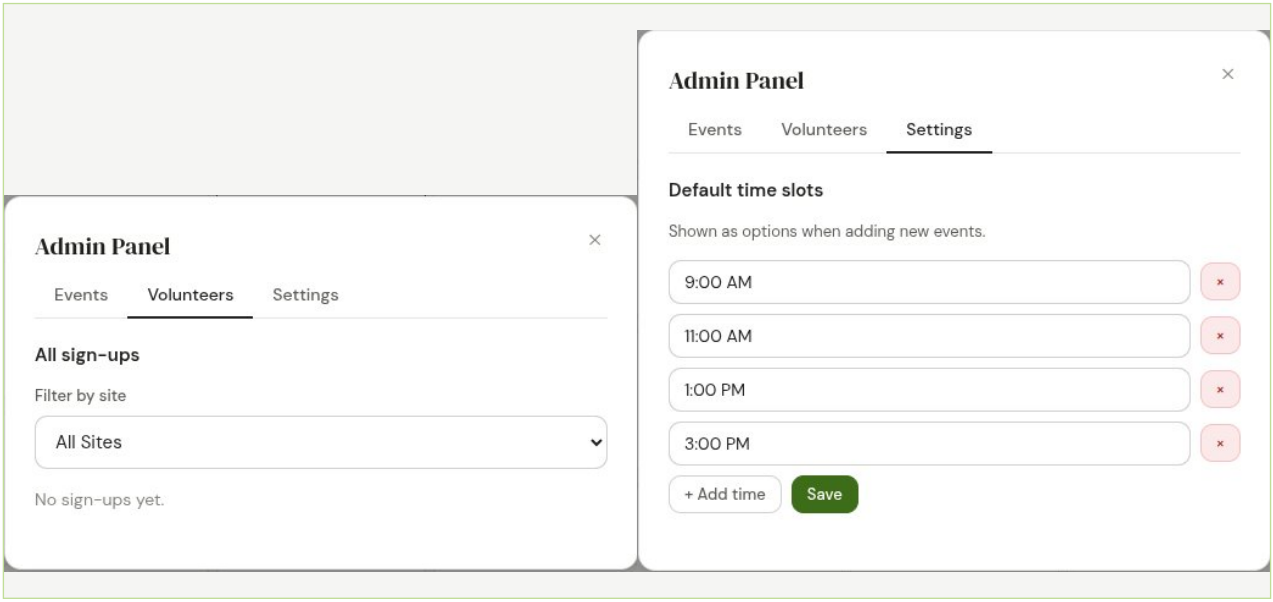

Figure 5 — Volunteers tab (left) showing all sign-ups · Settings tab (right) for default time slots

Removing Days and Volunteers

Remove an Entire Day

- Click the day on the calendar and click Remove this entire day at the bottom
- Or open Manage → Events tab and click Remove next to the day in the Scheduled days list

Remove an Individual Volunteer

1. Click on the day in the calendar.
2. Find the filled slot and click Remove next to the volunteer's name.
3. Confirm — the slot returns to open status.

Print View

Click Print View in the top right corner. A formatted schedule opens in a new window with Time, Volunteer, and Email columns in portrait orientation.

5. Managing Administrators

The Admins tab in the Admin Panel allows you to add new administrators, view current administrators, and remove access when needed. All administrators can add and remove other admins.

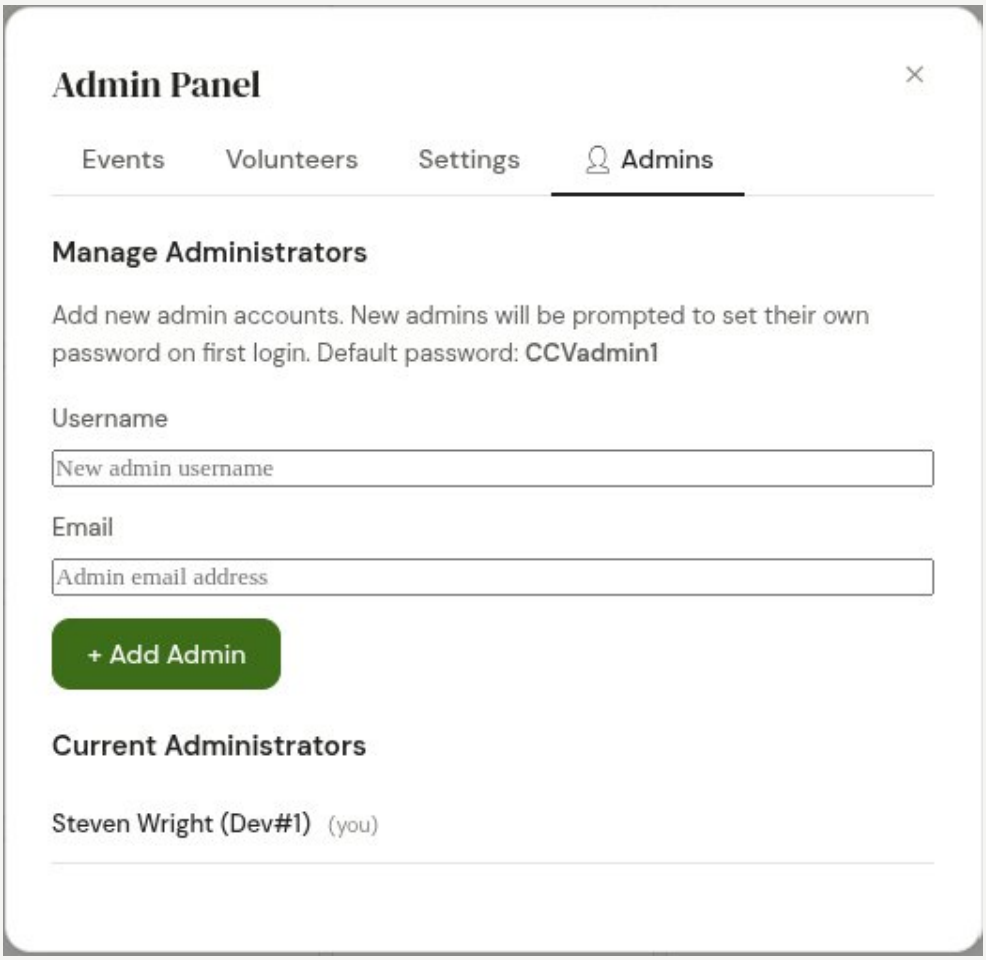

Figure 6 — Admins tab showing current administrators and the Add Admin form

Adding a New Administrator

1. Open Manage and go to the Admins tab.
2. Enter the new admin Username.
3. Enter their Email address.
4. Click + Add Admin.
5. The new admin receives a welcome email with their temporary password: CCVadmin1
6. On first login they are prompted to create their own password.

Note: *The default password for all new admins is CCVadmin1. New admins must change it on first login.*

First Login — Setting a Password

When a new admin signs in for the first time the Set Your Password screen appears automatically. They must create a new password before accessing anything.

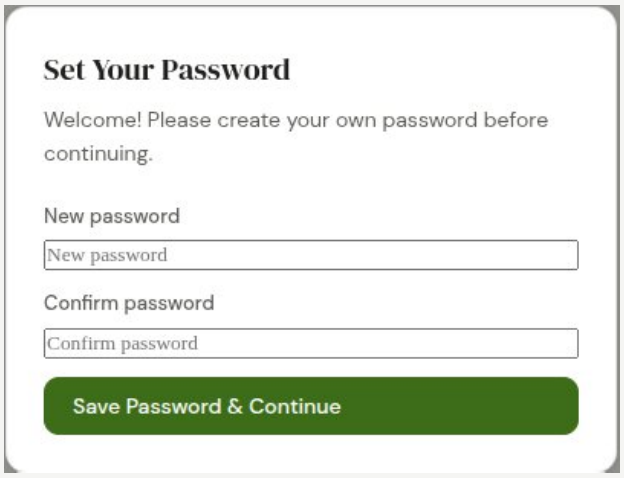

Figure 7 — Set Your Password screen shown on first admin login

Removing an Administrator

- Open Manage and go to the Admins tab
- Click Remove next to the admin you want to remove and confirm
- You cannot remove your own account

6. Password Reset

Administrators who forget their password can request a reset directly from the login screen. The reset link only appears on the Admin tab — volunteers do not see it.

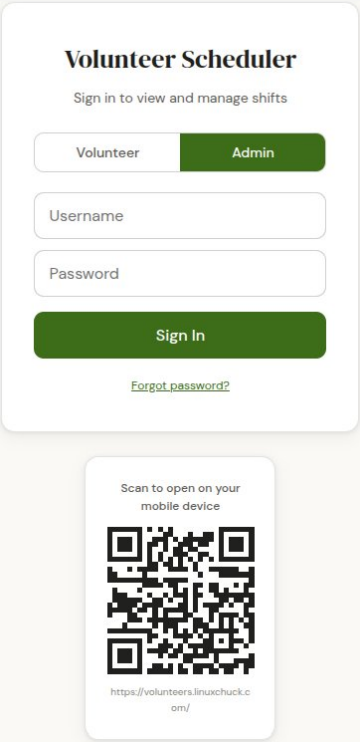

Figure 8 — Admin login tab showing the Forgot password? link

How to Reset Your Password

1. On the login screen click the Admin tab.
2. Click the Forgot password? link below the Sign In button.
3. Enter your admin username and click Send Reset Email.
4. Check your email inbox for a message from volunteers@linuxchuck.com.
5. Use the temporary password in the email to sign in.
6. You will be prompted immediately to set a new permanent password.

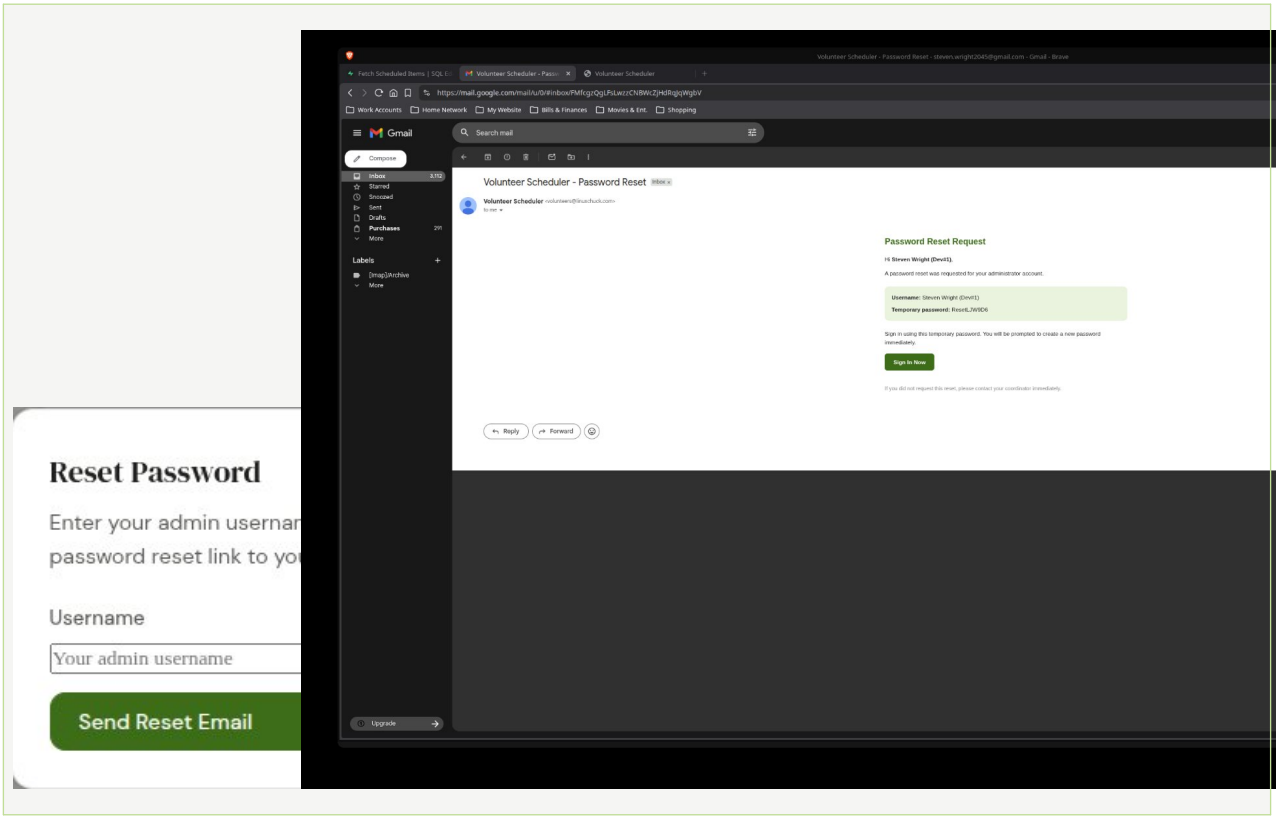

Figure 9 — Reset Password dialog (left) · Password reset email with temporary password (right)

> ***Note:*** *If you do not receive the reset email, check your spam folder. Make sure your email address was registered when your admin account was created.*

7. Email Notifications

The scheduler sends automated emails for volunteer signups, shift reminders, admin account creation, and password resets.

Volunteer confirmation	Sent immediately when a volunteer signs up. Includes location, address, date, time, and Google Maps link.
24-hour reminder	Sent every morning at 10:00 AM Eastern. Covers all shifts the following day.
Admin welcome	Sent when a new admin account is created. Includes username and temporary password.
Password reset	Sent when an admin requests a password reset. Includes a new temporary password.
From address	volunteers@linuxchuck.com

Note: *Ask your IT contact to whitelist volunteers@linuxchuck.com if emails are going to spam.*

8. Quick Reference

Volunteer Quick Steps

1. Go to volunteers.linuxchuck.com
2. Sign in with the Volunteer credentials
3. Select your site tab
4. Click a day with green open slots
5. Click Sign Up, enter your name and optional email
6. Click Confirm Sign Up

Admin Quick Steps — Adding Days

1. Sign in with Admin credentials
2. Click Manage
3. Select site, start date, end date, and time slots
4. Click + Add Days

Admin Quick Steps — Adding a New Admin

1. Click Manage → Admins tab
2. Enter the new admin's username and email
3. Click + Add Admin
4. New admin receives welcome email with temporary password CCVadmin1

Troubleshooting

Page stuck on loading	Refresh the page. Check your internet connection.
Cannot sign in	Make sure you are on the correct tab and Caps Lock is off.
Forgot password	Click the Admin tab on the login screen and use the Forgot password? link.
No confirmation email	Check spam. Emails come from volunteers@linuxchuck.com.
Calendar not updating	The calendar updates automatically. If not, refresh the page.
Slot shows as filled	Another volunteer has signed up. Choose a different time slot or date.
Work email not arriving	Ask IT to whitelist volunteers@linuxchuck.com.
